ABOUT US

MV Commercial is one of the leading specialist commercial vehicle companies in the UK.

For the last two decades we have been supplying light and heavy commercials to some of the top companies across the UK. Operating from three main depots in Livingston, Haydock and London Luton, our fleet of more than 1350 specialist vehicles, backed by over 130 staff, allows us to supply any size fleet to businesses of all sizes, from owner-drivers to multi-nationals.

We believe we provide an altogether better experience by investing heavily in our vehicles, facilities, technology and staff training, as well as going the extra mile to understand your industry and your exact needs so we can provide you with the right truck at the right price.

Because we are independent of any single manufacturer, we believe we offer greater choice, quicker turnarounds and unbiased advice on hiring the most appropriate commercial vehicle for your business.

Our flexible approach to contract hire and lease offers an affordable way to manage and grow your commercial fleet. We have a friendly, knowledgeable staff who maintain each and every one of our vehicles to the highest standards, and we are proud that they are some of the best and most reliable on the UK roads.

For all your commercial vehicle needs, whether it is short-term hire to cover a busy period or long-term contract leasing, refreshing your fleet to building specialist vehicles, make MV Commercial your first call.

Tom O'Rourke

THE MV COMMERCIAL ADVANTAGE

- Nationwide Network of Service Partners
- Depots Across the UK

- Paint Ovens and Blast Bays in a 15000ft² Facility
- Expert Hydraulic Engineers
- In-house Design Engineers
- End-to-End Build Management
- Specialised Vehicle Build Experts

MORE WAYS TO GET BEHIND THE WHEEL

FLEXIBLE FLEET GROWTH

With the option to hire, lease, rent-to-buy, or buy outright, few companies are as flexible when it comes to getting you behind the wheel of your new vehicle. For companies looking to outsource their fleet management or free up capital, we will buy your fleet and rent it back to you fully maintained and worry-free while you invest in your company.

Our fleet includes a full range of crane trucks, tippers, grabs, hook and skip loaders, boxes, curtains, flatbeds, beavertails, recovery and more. With delivery nationwide and international export, we pride ourselves in getting you what you need, when you need it, wherever you need it.

CONTRACT HIRE AND FLEXIBLE FLEET RENTAL MADE EASY

A growing fleet is a good sign of business growth, but finding reliable vehicles can cause headaches for transport managers and owners alike. This is why our expert knowledge of your industry makes finding the right vehicle easy - because we do all the work for you. By working in partnership to better understand your business needs, we make fleet management easy by providing genuine assistance and recommendations when sourcing new vehicles.

THE BENEFITS OF TRUCK HIRE

- Flexible Hire Terms
- No Maintenance Costs
- 100% Tax Deductible
- No Depreciation
- No Capital Outlay
- No Road Fund License or MOT
- Fuel Efficiency and Reliability
- 24hr Breakdown and Recovery
- Latest Euro 6 Vehicles

“All you need is fuel and insurance, we take care of the rest.”

FROM LAND'S END TO JOHN O'GROATS
