

Ford M-Sport Limited Edition

VAN-SPORT
CREATED BY ROBOTS · CRAFTED BY MAN

M-SPORT 

CARLEX DESIGN TM
UNIQUE INTERIORS

Van Sport is a company that has created in partnership with M-Sport and Carlex Design the M-Sport Limited Edition. The edition is based on a DNA cross over from the WRC Ford Rally cars to the commercial vehicles. At Van-Sport we believe that this cross over has been achieved and that for the first time in the UK a true "sport" van has been created.

Van-Sport has been formed through the partnership of M-Sport, Edward Davies Commercials and Carlex Design.

M-SPORT

m-Sport has been at the forefront of world rallying since 1997. Growing in size and stature since it was originally formed in 1979, the company is now a flourishing motorsport business. Working alongside its renowned technical partners, M-Sport now operates a thriving global rally programme on the stages, as well as a brand-new venture on the racetrack.

EDWARD DAVIES COMMERCIALS

Edward Davies Commercials has been providing customers high end commercial vehicles for over 12 years. We have specialist in turning the standard commercial into a bespoke custom build for customers all over the Europe. Now in partnership with M-Sport we have created what we feel the most desirable commercial vehicles on the planet...the M-Sport Limited Edition.

CARLEX DESIGN

Carlex design is an international company with its Head Office situated in Poland, which specializes in designing and manufacturing of unique car interiors. The company is engaged in design of unconventional interiors and details, and subsequently their implementation in order to create a cohesive and mature design combined with the highest precision of performance.
